### PROGRAMME OVERVIEW

#### Strategic Thinking and Execution Programme

Dubai

5 days

November  
7th - 11th

\$3250

Current research suggests that strategic planning and strategic thinking are different sides of the same coin and each one on its own is necessary, but not sufficient for an efficient strategic management framework. Therefore, strategic thinking and planning must work hand-in-hand in order to reap maximum benefits for the organisation. This programme allows the participants to get a big picture perspective of the various aspects of the strategy, planning and execution vis its hands-on approach.

#### Building an Innovative Culture

Lagos

2 days

November  
17th - 18th

N150,000

In today's economy, innovation and creativity are integral to business success. Building an innovative culture requires a systematic approach to supporting and managing human capital, information, and knowledge in order to transform thinking and ideas into successful business outcomes, processes, products and services. This introductory two-day workshop is designed to provide participants with an understanding of innovation in the workplace, the importance of supporting and building an innovative culture and leading practices in the field.

#### Disrupt Your Company
